Through this policy and its underlying procedures, Martone Capital attempts to secure the confidentiality of customer records and information and protect against anticipated threats or hazards to the security or integrity of customer records and information.

It is the policy of Martone Capital to restrict access to all current and former clients’ information (i.e., information and records pertaining to personal background, investment objectives, financial situation, tax information/returns, investment holdings, account numbers, account balances, etc.) to those employees and affiliated/nonaffiliated entities who need to know that information in order to provide products or services to the client.
